

About

Client is a premier provider of unified IT management and security software for managed service providers (MSPs) and small to medium-sized businesses (SMBS). Through its customer-centric approach, Client delivers best-in-breed technologies that allow organizations to efficiently manage, secure and backup IT. Client offers a broad array of IT management solutions, including well-known names: Client, Datto, IT Glue, RapidFire Tools, Spanning Cloud Apps, ID Agent, Vonahi, audIT, Graphus, RocketCyber, TruMethods and Unitrends.

These solutions empower businesses to command all of IT centrally, easily manage remote and distributed environments, simplify backup and disaster recovery, safeguard against cybersecurity attacks, effectively manage compliance and network assets, streamline IT documentation and automate across IT management functions. Headquartered in Miami, Florida, Client is privately held with a presence in over 20 countries.
