- 7) Release Cycle Management and handling UAT issues.
- 8) Handling Prod issues after production.

SN. ASSOSIATE

Sapient   **Aug 2017 - Aug 2019**

- This project includes development of PAAS services for creating Open Platform API for banking and energy clients.

TECHNICAL SKILLS

Asp.net core

Angular, Razor , HTML, CSS, JavaScript

Asp.net

Wpf

Wcf, WEB API, Rest Services

Workflow foundation

Azure

Aws

Windows

Microservices

SQL, EF, Dapper , Ado.net

EDUCATION DETAILS

Degree	Year	%
Post Graduation Diploma in Data science (IIIT)	2019	3.2/4
Engineering in Electronic& Instrumentati on. BE(E&I) Sathyabama univ,chennai	2010	82

PROJECT TOOLS

- Visual Studio 2019 latest Edition
- Azure Devops
- SVN, bit bucket, TFS,Source Tree, Artifactory
- Udeploy,Memory Profilor.
- Toad, Sql, Oracle.
- Gitlab, SonarQube,Nunit framework
- Cucumber.
- VS code, Confluence, JIRA

SENIOR DESIGN ENGINEER

Siemens   Jul 2015 - Jul 2017

- This project includes development of features in TIA which is vastly used by clients like Mercedes Benz or Volkswagen. The 'TIA' application is used by plant engineers/managers to automate various processes- like initializing devices like PLC for giving inputs etc.

ASSOSIATE

Cognizant   Jan 2014 - June 2015

- This project includes development of a supporting tool which is vastly used by clients in energy and power sector. Industrial engineering workbench is a tool which deals with the automation of Plant Engineering. It will help to reduce the time of the Lead engineer or Project Engineer who can configure Control and Safety modules.

SOFTWARE ENGINEER

Wipro   June 2010 - Aug 2013

- Worked on HP Storage, Delphix printers and Lloyds banking project.

ACHIEVEMENTS & HOBBIES

- Second runners-up in Innovation Hack ton in 2014(Hospital system)
- Introduced an idea of Online Siemens product catalogue in Techno-Innovation Group.
- Bronze medal in B.E.<Instrumentation>{Third position in E&I Branch for complete 2006-2010 Batch}
- Fitness enthusiastic
- Anchor/Cultural Member
- Active member of EY Ripples
- Writer for Datascience related blogs- in Analytics Vidya and ChatbotLife.com
- Links: https://becominghuman.ai/understanding-the-basics-of-cnn- with- image- classification-7f3a9ddea8f9
  https://medium.com/analytics-vidhya/detecting-anomalies-in-x- ray-using- cnn-1e4c2e49f23a

SOCIAL IMPACT

- Organized and choreographed Fashion show in Siemens
- Organized Chennai floods relieve camp.
- Organized and anchored Christmas event.
- Organized Marathon events.
